LIST NO. 5

OFFICE OF COMMUNICATION

U. S. DEPARTMENT OF AGRICULTURE

# ***How To Request Publications***

The Department of Agriculture provides many services of direct benefit to the public. One of these services is the free distribution of a large variety of popular publications for the farmer, suburbanite, homemaker, and consumer. They are listed in this booklet.

You may request single copies of up to 10 different publications free. Use the order blank at the back of this list. Be sure to print your name and address clearly. Please order by using only the letter and number following the title of each publication you desire. For example, the Farmers' Bulletin "Fences for the Farm and Rural Home," should be ordered using the designation F 2247. Please list publications numerically under each letter symbol.

It is sometimes possible to obtain bulk quantities of publications free from your representative in Congress.

Extension Service workers should order publications through their State publications distribution officer. Students should apply through their teachers, who may receive limited quantities of publications for school libraries.

Schools, clubs, and other organizations may purchase bulk quantities of publications from the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Prices are available from that office.

Send single copy request to:

U.S. Department of Agriculture  
Office of Communication  
Publications Division  
Washington, D.C. 20250

**Postal regulations require the  
Department to use ZIP CODES.  
Please include *YOUR* ZIP CODE.**
